Subject: BPA for Taxi Hailing service

The American Embassy intends to issue a Blanket Purchase Agreement (BPA) for on-call provision of taxi services via an App.

The Embassy requires a supplier who can provide an app-based system which allows real-time and pre-scheduled hailing of licensed London official "Black Cab" taxis. Payment for journeys made will be by a monthly consolidated invoice so that there is no need for individual travelers to make a real-time payment for their journey.

Only companies or individuals specializing in this field should apply.

The estimated total value of this work is £130,000 (approx. \$179,000 on February 11, 2021). Please note, however, that the value of business received may not exceed \$30,000 until a vendor is registered in the System for Award Management (SAM). Also attached are instructions for registering your company in SAM. SAM registration can sometimes be a lengthy process, so, if you are invited to enter into a BPA, you are strongly advised to attain full registration as soon as possible to prevent your BPA being capped at \$30,000.

Interested parties should contact GSO Procurement at the following email address to request a copy of the associated statement of work (SOW): londonproc@state.gov
